

KINDERGARTEN PE PROGRAM

We're on a mission to teach every child in America how to ride a bike in kindergarten PE class.

The All Kids Bike Kindergarten PE Program places 2-in-1, balance-to-pedal conversion bikes, helmets, an instruction bike, and proven learn-to-ride curriculum in PE class. This provides an opportunity packed with fun, gratification, and success! Building upon a foundation of skills acquired in each lesson, students achieve milestones that guide them to the final goal of pedaling a bike independently.

The All Kids Bike Kindergarten PE Program cost is only **\$5,000** per school, providing all kindergartners with the many benefits that come with learning to ride a bike.

5 STEPS TO SUCCESS!

1. School Administration approves implementing Kindergarten PE program.
2. School applies for the program at www.AllKidsBike.org/school-application
3. Donor contributes funds or school fundraises independently.
4. All Kids Bike team grants teacher access to online training.
5. All Kids Bike team ships bikes and equipment to school and hundreds of kids learn to ride!

ALL KIDS BIKE KINDERGARTEN PE PROGRAM INCLUDES:

Teacher Training & Certification
